1. Discuss requirements on juveniles with your underwriter.
2. Health Questionnaire and Physical Measurements may be substituted for a Paramedical.
3. For clients ages 71 and older, we also require a completed John Hancock Mature Age Supplement; if another company's paramedical form is submitted, we will require an equivalent mature age evaluation. The John Hancock underwriter will determine if any additional requirements are needed.
4. Whether formal or informal business, do not order paramedical, blood or EKG until Underwriting has assessed APS and advised of initial offer.

Note: All APSs must be provided in English. John Hancock does not cover translation fees and the translator should be at arm's length to the sale. For other important information about ordering your requirements, please see page 2.

IMPORTANT NOTES ABOUT ORDERING YOUR REQUIREMENTS

- We will accept another company's paramedical form. However, a John Hancock Health Questionnaire must also be included if another company's paramedical form is submitted.
- Please note the following when applying for Survivorship:
 - If a Survivorship policy is applied for: **routine medical underwriting requirements** for each proposed insured are based on half the amount applied for; **non-medical requirements** are based on the full face amount.
 - If an Individual and Survivorship policy are applied for: **routine medical underwriting requirements** are based on the amount applied for under the Individual policy plus half the amount applied for under the Survivorship policy; **non-medical requirements** are based on the full face amount, both Individual and Survivorship policies.
- Requirements are based on the amount applied for and placed with John Hancock within the last 12 months.
- If one life is uninsurable, all requirements for the insurable life are based on the full amount applied for under the Survivorship case, and only a Health Questionnaire is required on the uninsurable life.
- The underwriter may request or order additional requirements: e.g., database searches, PFTs, echocardiograms, treadmills, heart charts or cognitive assessments due to the proposed insured's medical history, circumstances of a case, or facultative reinsurance.
- Requirements do not apply to COLI.
